

Special Populations Seminar

INCREASING ACCESS TO MOUD: DIRECT TO INJECT BUPRENORPHINE

**Arianna Campbell, DMSc, MPH,
PA-C, CAQ-EM, DFAAPA**

Emergency and Addiction Medicine PA &
MPI & Senior Director, The Bridge Center at The Public Health Institute

**TUESDAY,
JANUARY 13**

**12:00PM-
1:00PM**

**VIA
ZOOM**

In this presentation, we will highlight the rationale for Direct to Inject XR buprenorphine to improve access to life saving treatment for opioid use disorder. We will review the results of a recent national survey comparing emerging practices across the US. Finally, we will review the algorithm that was recently released by the Bridge Center at PHI for emergency department administration of XR buprenorphine and the evidence behind it.
