**PD3 MONTHLY MEETING
POSTDOCS AND GRADUATE
STUDENTS WELCOME**

- If you expect to teach large lecture-based courses and give guest lectures in the future or do so already, this session is for you!
- In this interactive session, you will examine the relationship between lecturing and learning through findings from the science of learning and evidence-based teaching.
- You will discuss how to incorporate active learning into lectures, explore practical strategies for planning effective class sessions, and apply these strategies by beginning to design or refine your own lecture plan.
- Please come with a general topic of a potential lecture that you will likely teach in the future
