MULTILINGUAL RESEARCH METHODS: WORKS IN PROGRESS WORKSHOP

Join us for our next event in the multilingual research methods series in collaboration with CrEER. This session will spotlight **works in progress** and will allow **real-time feedback** from peers and interdisciplinary experts.

Do you have questions on your project proposal, implementation, or dissemination?

Need advice on how to best engage your community partners?

Interested in providing colleagues feedback and hearing about multilingual projects?

Focus areas may include:

- Linguistic Analysis
- Translation
- Community Engagement
- Intervention and Implementation design
- Project management

Post-docs, junior faculty, students are encouraged to present their works in progress

WEDNESDAY, APRIL 29, 2026
