
Notice for Distribution- Workshop for Rutgers Faculty: Mentoring Biomedical Graduate Students and Postdocs

From Yasheca Ebanks <yebanks@shp.rutgers.edu>

Date Thu 9/24/2026 12:00 PM

Good Morning,

Please share this great opportunity below with all interested faculty within your learning community. Thanks so much! ~Yasheca

Notice for Distribution

Dear Biomedical and Health Science Faculty,

Please join us for an interactive workshop focused on best practices for mentoring PhD students and postdoctoral trainees.

This year's workshop will focus on:

- Aligning expectations with mentees
- Promoting mentee research self-efficacy
- Supporting trainees who are experiencing stress, featuring guest speakers Chantal Brazeau, MD, Chief Wellness Officer, and Carolyn Dellatore, JD, Assistant Vice President in the Office of Workplace Culture

The workshop will incorporate lessons and interactive case studies from the Center for the Improvement of Mentored Experiences in Research (CIMER). Faculty will have opportunities to engage with colleagues, reflect on common mentoring situations, and consider strategies for navigating current and future mentoring challenges.

NIH expects mentorship training within relevant research training environments, and continued development can benefit both new and experienced mentors. Participation can also help demonstrate institutional commitment to high-quality mentorship in training grant programs.

All faculty are welcome, and junior faculty are strongly encouraged to attend.

**Friday, October 9, 2026
10:00 a.m.–12:00 p.m.**

IN PERSON ONLY
675 Hoes Lane West
RWJMS Research Tower

Dean's Conference Room 123
Piscataway, NJ

RSVP:

[Register for the workshop](#)

Please feel free to distribute this announcement to faculty who may benefit from participating.

Thank you, and we look forward to seeing you there.
