Join us for the NJ Acts Biostatistics and Epidemiology Workshop Series:

# An Introduction to Epidemiology: Key Measures and Study Designs

Thursday, April 25, 2024 at 12:00pm – 1:30pm over Zoom

This workshop will provide an overview of epidemiology methods, including commonly used measures and study designs.

## Presenter:

**Dr. Michelle Bover Manderski**  
Assistant Professor of Epidemiology at  
the Rutgers School of Public Health  
and the Rutgers Institute for Nicotine  
and Tobacco Studies

## Target Audience:

All are welcome, especially  
healthcare students and  
professionals!
