HEALTH SCIENCES

**NJ acts**

Join us for the NJ Acts Biostatistics and Epidemiology Workshop Series:

# Introduction to Biostatistics

Thursday, February 8, 2024 1:00pm – 2:00pm over Zoom

This workshop is designed for anyone interested in learning about foundational biostatistical concepts at the introductory level for use in health science applications. The workshop will be divided into 3 parts consisting of an introduction to the concept of uncertainty, an introduction to the principles of experimental designs, and an introduction to the principles of inference.

## Presenter:

**Dr. Jaya M. Satagopan**  
Professor of Biostatistics &  
Associate Dean for Faculty Affairs  
at Rutgers School of Public Health

## Target Audience:

Everyone is welcome! Especially graduate students, post-docs, and early career researchers interested in conducting scientific experiments and exploratory data analyses.
